1. Observations of the Commissioners after a careful examination, with a microscope, of the erasure on the town sheet.
2. Renewed call of Mr Bradford on Mr Tyler for copies of his correspondence with Dr Patterson, & Mr Tyler's answer thereto.

June 25th 1839. 1.

Some careful inspection, with the microscope by the Commissioner of the figures 18 & 50 in the left hand column of the town sheet, where Damien Canas' deposite is written — it would seem that the figure 8 is written over the figure 5 in such a manner as the whole loop of the 8 is clear but on this point the Commissioner is not able to speak with certainty because the 5 is written with paler ink than the 8 — hence the 8 if written after words erased have obliterated the portion of the 5 over which it passed — but if the 5 was written afterwards, it would not have so obliterated the 8 — The Commissioner of either party requires it will transmit the town sheet shelf in original to the Director — Whereupon all parties agreed that the town sheet should go in the original to the Director.

The copies, or if no copies be in existence, the memoranda or imperfect copies of the letters of Mr Tyler to Dr Patterson

June 25th 2.

referred to with Mr Patterson's correspondence with the Bradford Executors called for by Mr Bradford who at the same time calls the attention of the Commissioners to a similar case heretofore made by him & Mr Tyler's first answer thereto.

To which case Mr Tyler answers in writing.

Mr Tyler refers to a former case for the copies of his letters. That he had not seen nor been content with the representation of those contents made by the Director & willing to abide the same.

Mr Tyler refers to his original answer & says that he has no memorandum or imperfect copy that he could testify to, & declines furnishing this or any memorandum, a part of which was never sent to Doctor Patterson.

I certify the foregoing to be a correct copy from the proces verbal of the proceed-

=aries had before Thos Shields Esq. the
Commissioner, on the 25th of June
1839.

In testimony whereof I have
hereunto signed my name & af=
=fixed the impress of my seal of
office on this 5th of August at the
City of New Orleans.

Horatio Davis
Notary
